

FREEDOM SONG

Composer Unknown

When there's darkness all around us,
And salvation seems so far,
There is still a light inside us,
To remind us who we are,
And its always there to guide us,
Just like a shining star.

Chorus: Freedom song,
Freedom song,
We walk the road together,
As we sing our freedom song.

Oh the road I'm on is broken,
But it doesn't bother me,
'Cause the path I choose to follow,
Leads me to a land that's free,
And I won't forget the ones who cleared
the way ahead of me.

Chorus: Freedom song,
Freedom song,
We walk the road together,
as we sing our freedom song.
